

WOMEN & CREATIVITY 2011

Celebrating our creative community

Presented in
partnership
by:

National
Hispanic
Cultural
Center

Women and Creativity 2011 is organized by the National Hispanic Cultural Center and Creative Albuquerque in partnership with local arts organizations, artists, writers and independently owned-business. Dedicate an afternoon in March (or an entire weekend) to awaken and nourish your own creativity through exhibitions, performances, workshops, classes, and engaging discussions! Although we shine a special light on women's creativity during this festival, we invite and encourage the participation of men at all events.

For a complete listing of partners and events, visit www.womenandcreativity.org.
